

**AH-AH**

What is wrong with us  
You packed your bag  
No destination's written on the tag

Can't we talk about it  
Clear and loud  
Ah-ah

**Ah-ah...**

Well dear, it's not as if we hadn't tried  
My heart is empty and I've lost my pride  
All those phone calls and those talks at night  
Ah-ah

**Ah-ah...**

I understand some words we've heard too many times  
My tongue is heavy and I'm tired of those rhymes  
Maybe hold each other just to say goodnight  
Maybe hold each other just to say goodnight  
Ah-ah

**Ah-ah...**

**Ah-ah...**

**Ah-ah...**
