

BRITTLE HEART

You lay where I always used to stand
Coral colored art
You're breakable where I use my strength
All aware

**Give me your brittle heart
We're gonna save each other
Give me your brittle heart
We're gonna save each other
Give me your brittle heart
We're gonna save each other
Give me your brittle heart
We're gonna save each other
Ah...
Give your heart...
Give me your brittle heart
We're gonna save each other**
