

**DANCE WITH ANOTHER**

Last night I went to Carolina  
This club, just around the corner

**I could never dance with another one  
I could never dance with another one**

I wasn't sure what I was getting at  
Every part of me started shaking  
They went on, on and on, for hours  
And every second, I thought about us

**I could never dance with another one  
I could never dance with another one**
