

GOLDEN HEART

Breakfast's ready
You're not eating
I can see the air
That you breath in

You let go of your emotions
Long ago when they thought
You would need me

**In the shadow of a golden heart
I'm trying to find my way to the top
In the shadow of a golden heart
I try to find my way to the top**

**O-o-o-o-o-oh
O-o-o-o-o-oh, o-o-oh**

It's been a while and
Nothing's changed and
I am trying but I can't get your mind set
On the shining things around you
While you wish in the dark
You'd be brought to

**In the shadow of a golden heart
I'm trying to find my way to the top
In the shadow of a golden heart
I'm trying to find my way to the top**

**O-o-o-o-o-oh
O-o-o-o-o-oh, o-o-oh**

Falling heart
Do you know where you're going?
