

## HUSH

You gave me your number  
Through my best friend  
You just tried to hit on before

Which made me wonder  
How far you would go  
In trying to score

**You quote yourself  
Gave yourself a name  
I don't think we aim for the same  
You're drunk or on drugs  
Spending your bugs  
Every time I hear you complain  
About your money you earn  
With a regular job  
And not with your poems  
Snub!**

hush!  
hush!  
hush!  
hush!
