

I'M BUSY

waiting in line to get flowers
you've been handing out to others
want you to shine right through me
wrapped myself in candy

**I don't like your attitude
Just standing there is being rude
Everything is up to me
Can't you see, I'm busy
I'm busy
I'm busy**

tend to give up
you haven't tried
i would have given you my full pride
can't walk the line I'm standing in
should have told you where to begin

**I don't like your attitude
Just standing there is being rude
Everything is up to me
Can't you see, I'm busy
I'm busy
I'm busy
I'm busy
I'm busy**
