

JUST LET IT BE

I haven't ever noticed you before
But since I accidentally looked into your eyes
I'd swear to god that you fancy me
And unfortunately you think I also sympathize

**Just let it be
You're not my kind anyway
Just stay away
Please**

**Just let it be
You're not my kind anyway
Just stay away
Please**

Seems like you think I feel the same
But I don't even wanna know your name
I just don't care 'bout you at all
Wouldn't even recognize you
If you were tall

**Just let it be
You're not my kind anyway
Just stay away please**

**Just let it be
You're not my kind anyway
Just stay away
Please**

A lalalalalalai
A lalalalalalai laai
La lala lala lalalalalai
Lalalalalalalai, oo-oo, oo-oo

**Let it be
You're not my kind anyway
No no no
Just stay away from me**

**Let it be
You're not my kind anyway
No no no**
