

LOVE YOU

Look at me
Say, can't you see the love
I feel for you
I feel for you

I'll carry you right to the stars above
You're all I'm ever thinking of

I love you
Love you
Love you
Love you

I love you
Love you
Love you
Love you

All we need is just a little break
It's all it takes
It's all it takes

I'll make you feel
Like you're the best you can
Intensively emotional

I love you
Love you
Love you
Love you

I love you
Love you
Love you
Love you

Catch me if you can
You may borrow my wings
And we can fly
Around the trees
In my garden

Listen carefully
Listen carefully
You might understand
The birds every now and then

Catch me if you can
You may borrow my wings
And we can fly
Around the trees
In my garden

Listen carefully
Listen carefully
You might understand
The birds every now and then

Love you, love.you, love you, love you,
love you, love you, love you

I love you
Love you
Love you
Love you

I love you
I love you

I love you
Love you
Love you
Love you

I love you, love you, love you

I love you
I love you
I love you
I love you

Catch me if you can
You may borrow my wings
