

NOT WORKING

Why are you hiding in the tree?
It's mid July
And the leaves are red
Like it's November

Why are you wearing a wig?
If I was not supposed
To recognize you
It's not working

It's not working
It's not working

Last time I caught you
By the sea
Your lips were red
And the water sweet
Like on a mountain

You then decided not to speak
I should have figured then
That you're not worthwhile
Cause you're not fighting

You're not fighting
Cause you're not fighting

**I don't think that you would be
Fun to be with
Just because you wear these
Colors out of space**

**I don't think that you're magic
Cause you don't show your face
Wouldn't even care
To see your real round eyes**

**I don't think that you would be
Fun to be with
Just because you wear these
Colors out of space**

**I don't think that you're magic
Cause you don't show your face
Wouldn't even care
To see your real round eyes**
