

## **PUSH THE DOOR**

Push the door  
I'll let you in  
Watch the stairs  
They're quite narrow  
You could fall  
Just as I  
Just as I

Step inside in case I'm hiding somewhere  
Put these flowers on a chair  
I couldn't find an empty vase  
They were all filled with blossoms  
From the last days

**Oh**  
**Could you leave me alone now**  
**Oh**  
**Could you leave me alone now**  
**Oh**  
**Could you leave me alone now**

Lock the doors when you leave.  
Watch the stairs  
They're pretty narrow  
You could fall just as I  
Just as I

**Oh**  
**Could you leave me alone now**  
**Oh**  
**Could you leave me alone now**  
**Oh**  
**Could you leave me alone now**
