

**TRUTH COMES WITH TROUBLE**

Take a little weight off my day  
I think I might be sinking here

The sound's getting louder  
Balancing harder  
Your lies are colored  
Truth comes with trouble

I think you got something there on your beard  
What is it bout you acting weird

**The sound's getting louder  
Balancing harder  
I'm glad I doubted  
Truth comes with trouble**

Please take a little sip of my beer  
I think I'm getting dizzy here

**The sound's getting louder  
Balancing harder  
I'm glad I doubted  
Next time I'm smarter**

Ah...  
I'll have to find my way home  
I'm falling on your side  
I somehow mind my own
